INSTRUCTIONS

1. Trace and cut out the pieces for your paper flower, using our free printable template.
2. Take two of the paper strips and glue them together in the middle to make a cross.
3. Take two more paper strips and glue them together in the middle to make a cross.
4. Take one of the two crosses, place it diagonally over the other cross and glue together to make an 8-pointed flower.
5. Now take an end of one of the strips and glue it to the centre of the flower.
6. Repeat with the other 7 strips.
7. Take a circle-shaped felt craft bit and glue it to the middle of the paper flower.
8. Take a popsicle stick and glue to the back of the flower to make the stem.
9. Take the cut-out leaves and glue them to the stem of the flower.
