

The top of the page features a wooden plank background. On the left, a green shamrock is partially visible behind a white oval with a red swoosh containing the word 'avron' in blue. To the right, a string of three green paper shamrocks is strung across the frame. Each shamrock is made of four heart-shaped leaves and a stem, with a small hole punched in the center of one leaf for stringing.

avron

Shamrock Garland

[Access French Craft](#)

MATERIALS

Green Construction Paper (500-400LGR)

Twine (511-220)

Glue (640-150)

Scissors (707-500)

Glitter (506-100GLD)

INSTRUCTIONS

1. Trace and cut out pieces of construction paper for your awesome shamrocks, using our free printable template.
2. Take two paper cut-out hearts and glue the pointed tip of one heart to another heart.
3. Repeat step 2 with the remaining 2 hearts.
4. Take the paper cut-out stem and place glue on the top of the narrow end.
5. Glue the four hearts onto the stem.
6. Decorate your shamrock with either glitter glue or glitter.
7. Repeat all the steps until you have as many shamrocks as you'd like to make your garland.
8. Once all the glue on the shamrocks have dried, poke or punch a hole in one of the leaves and feed some twine through it.
9. Thread each of the shamrocks on to the thread to create the shamrock garland.
