1. Start by grabbing 3 craft sticks to make the wood pile for the campfire. Place 1 stick horizontally, add glue to the middle and place your second stick diagonally on top. Add another dab of glue to the middle and place the last piece diagonally in the opposite direction.
2. To create the fire, let the children trace their hand on an orange, yellow and red foam sheet.
3. Cut out the hand shapes.
4. Fan out the hands and glue on top of the pile of firewood.
