

FATHER'S DAY CRAFT: LET'S GO FISHING!

INSTRUCTIONS

MATERIALS

Assorted Construction Paper

500-300AST 50/pack

Foam Sheets - Orange

506-430ORG 10/pack

Elmer's School Glue

640-150 each

Scissors

502-100 each

Paper Plates 9"

115-521 100/pack

Coloured Craft Sticks

704-337 100/pack

Wiggle Eyes

610-201 125/pack

Hemp Twine

510-401 116m

1. Begin with a blue construction paper and cut out a semi-circle. Using the flat end of the semi circle, cut a wave shape for the water.
2. Take your paper plate add glue to one half, and glue the blue water to the plate.
3. Take your foam sheet and let the children trace their hand. Cut it out.
4. Glue two wiggle eyes to the fish. Draw a mouth with a marker.
5. Get a piece of twine and cut a 4-5 inch string. Glue one end to the fishing rod.
6. Take a colour craft stick and put glue on the back. Glue it on the left side of your plate.
7. Glue your fish to the right side of your plate. Glue the string where the mouth is.
8. Take a marker and write a message on the plate for Dad.
